

Pass Protection Intelligence — Document Center

#	Document	What's in it
01	README	The full submission: results table, methodology, per-use-case findings, how to reproduce and serve it. Start here.
02	UseCases	The investigation behind the five models — why each question got asked, in the order it got asked.
03	Dictionary	Column-by-column definitions for every field used, by source file.
04	GeneralKnowledge	A football-domain primer for anyone unfamiliar with the sport — rules, positions, how a pass play unfolds.
05	TrackingCoordinates	The field coordinate system and the orientation-vs-direction distinction the tracking data uses.
